OJO CALIENTE

(HOT SPRINGS.)

THESE Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from the Santa Fe and Denver & Rio Grande Railways, from which point a daily line of stage runs to the Springs. The temperature of these waters is from 90° to 125°. The gases are carbonic. Altitude 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of travelers and tourists. These waters contain 1,000 grains of alkaline salts to the gallon being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the numerous cures effected in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercular Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, Lodging and Bathing, \$2.50 per day. Reduced rates given by the month. The scenery is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 10:00 a. m. and reach Ojo Caliente at 1 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, \$1. For further particulars address—

ANTONIO JOSEPH, Prop.,
Ojo Caliente, Taos County, New Mexico

A NUMBER PERISHED

Great Eastern Block in Spokane Destroyed by Fire—160 People in the Building.

EIGHT PERSONS ARE MISSING

Mrs. H. J. Davis Jumped from a Fifth Story Window and Died from Injuries Received—Loss \$400,000.

Spokane, Wash., Jan. 25.—The Great Eastern block, six stories in height and constructed of brick, caught fire about 11:45 last night and in three hours was totally demolished. The loss is \$400,000. At least 150 people were asleep in the building when the fire started. While the most of them escaped with only their clothes, it is thought a number perished. Miss Rose Wilson and Mrs. Rose Smith are known to have perished. W. B. Girdon, a prominent mining expert, wife and three children are missing. Mrs. C. Lewis, is also missing. Mrs. H. G. Davies, who jumped from a fifth story window, died from the injuries received.

DROPPED FROM THE MINISTRY.

Rev. C. O. Brown Confessed Himself Guilty of Charges of Immorality Before Congregational Conference.

San Francisco, Calif., Jan. 25.—Rev. C. O. Brown has confessed to the Bay conference of the Congregational church that the charges connecting his name with Mattie Overman are true. He appeared before the conference, unexpectedly, expressed the deepest contrition for the backsliding, resigned himself to fate, was dropped out of the Congregational ministry, shook hands with the chasteners and ended by declaring that he was glad it was all over.

STEAMSHIP GIVEN UP FOR LOST.

The Pelican Has Been Missing Three Months—Carried Crew of 55 Men.

San Francisco, Calif., Jan. 25.—The steamship Pelican, 103 days out from Port Townsend for Tokyo, Japan, has been given up for lost. She was never spoken after she passed Cape Flattery, and no message has come from any one of her 55 officers and men.

STOCK GROWERS IN CONVENTION.

First Session Called to Order This Morning with 1,000 Delegates Present—Governor Adams Delivered Address of Welcome.

Denver, Colo., Jan. 25.—The first session of the National Stock Growers' convention was called to order this morning by George L. Gouging, chairman of the general committee on arrangements. There were present about 1,000 delegates, representing 21 states and territories in the west, northwest and southwest. The chairman said that the years of depression to which the cattle industry had been subjected had caused a loss of over \$100,000,000, but there now appeared brighter prospects for stock growing, and this convention was called to consider the new conditions.

Governor Adams welcomed the delegates in the name of the state. He dwelt upon the difference in present conditions and those of ten years ago, when as governor of Colorado, he welcomed a similar body of delegates. His speech was very optimistic for the stock growing industry, and he urged the cattlemen and sheepmen to get together and adjust their differences. John W. Springer, president of the Continental Cattle company in Texas, was elected temporary chairman. He was escorted to the chair by Governor Richards, of Wyoming. Charles H. Gould, of Nebraska, was chosen temporary secretary; R. M. Clinch, St. Paul, reading clerk; W. H. O'Brien, Denver, sergeant-at-arms. A. J. Tidball, New Mexico, is a member of the committee on resolutions; O. A. Hadley, committee on permanent organization. The convention took a recess until 2 p. m. At the afternoon session J. B. Van Buren, of Nebraska, will read a paper on the advantages of organization.

FLURRY IN WHEAT MARKET.

The Dollar Mark Reached in Chicago Today—Declines Again to 97 Cents.

Chicago, Jan. 25.—The opening price of January wheat was 94¢. The market was absolutely bare of offerings. Suddenly it began to climb. In ten minutes the price had been hoisted to 91¢, the traders raising the bids one-half of a cent at a time; then it dropped as swiftly as it had climbed, declining to 97 cents as the holders let go. May and July wheat, which had shown signs of weakness at the opening, were also carried up in the rush.

The Monetary Conference.

Indianapolis, Jan. 25.—The monetary conference which opened in this city today is the result of a movement started by the Indianapolis board of trade a little more than a year ago. Today's convention is much larger than the first, which was called for the purpose of submitting a plan and securing its adoption. Governor Leslie M. Shaw, of Iowa, presided today, and addressed the delegates on the money question.

Watson Wants to Be Governor. Atlanta, Ga., Jan. 25.—Thomas E. Watson will be the Populist candidate for governor of Georgia. The state convention meets on March 3 and a majority of the delegates already elected are said to be in favor of Watson.

Suicide of an Editor.

West Chester, Pa., Jan. 25.—Captain Geo. R. Guss, editor and proprietor of the Chester County Democrat, committed suicide by inhaling illuminating gas last night.

TERRIFIC STORM IN ST. LOUIS.

Unusual Electrical Display Early This Morning—Very High Wind Followed.

St. Louis, Jan. 25.—A terrific thunder storm raged for more than an hour in this vicinity after 3 o'clock this morning. The sky cleared for a time shortly after daybreak, but the wind continued to blow. It increased in intensity until at 10:45 a. m. the weather bureau officers reported a velocity of 63 miles an hour. August Weymeyer was blown off the Shields building and died from the injuries received. An unknown woman and a boy were also killed. There is every indication that it is a straight blow, not a tornado.

MARYLAND SENATOR ELECTED.

Tenth Ballot Resulted in Election of Mr. McComas—Senator Gorman Will Be Succeeded by a Republican.

Annapolis, Jan. 25.—Mr. McComas is elected senator. The tenth ballot resulted as follows: McComas, 62; Gorman, 47; Shaw, 5.

SNOW STORM IN SOUTHWEST.

Ground Covered to the Depth of a Foot—Telephone and Telegraph Wires Down—Trains Delayed.

Kansas City, Jan. 25.—Wet snow fell throughout the southwest last night, covering the ground to the depth of a foot. The snow froze on the telephone and telegraph lines, and communication with many points has been absolutely stopped. No serious delay to trains has been reported.

Rain Turned to Snow.

St. Joseph, Mo., Jan. 25.—The rain that began to fall here last night turned to snow this morning and the railroad trains are all delayed. Many telegraph and telephone wires are down.

NATIONAL CAPITAL HAPPENINGS.

Battleship Maine at Havana—Attorney General Griggs Confirmed—Proceedings in Congress.

Washington, Jan. 25.—It is believed by the state department that the battleship Maine entered the harbor of Havana at the earliest hour this morning that the Spanish port regulations would permit. No direct report, however, has yet been received from Havana.

In the Senate.

Washington, Jan. 25.—The senate on the motion of Senator Hoar (Mass.) went into an executive session as soon as convened.

In the House.

Washington, Jan. 25.—The house, in committee of the whole, resumed the consideration of the Indian appropriation bill. The house consumed a considerable part of the afternoon in the discussion of industrial conditions, the Republicans affirming and the Democrats denying that prosperity had returned.

Confirmation of Attorney General. The nomination of J. W. Griggs, of New Jersey, to be attorney general of the United States, was confirmed.

MARKET REPORTS.

New York, Jan. 25.—Money on call easy 1½¢ per cent; prime mercantile paper, 3 @ 3½; silver, 56½; lead, \$3.50; copper, 10½.

Chicago.—Wheat, January, 97½; May, 92½; Corn, January, 27½; May, 29½ @ ¼.

Chicago.—Cattle, receipts, 16,000; market steady to stronger; beefs, \$3.40 @ \$3.50; cows and heifers, \$2.10 @ \$2.50; Texas steers, \$3.50 @ \$4.30; stockers and feeders, \$3.30 @ \$4.35. Sheep, receipts, 18,000; best, steady; others, weak; native sheep, \$3.00 @ \$4.00; westerns, \$3.50 @ \$4.50; lambs, 4.25 @ \$5.70. Kansas City.—Cattle, receipts, 9,000; steady; Texas steers, \$3.25 @ \$4.25; Tex. cows, \$2.50 @ \$3.25; native steers, \$3.50 @ \$5.00; native cows and heifers, \$1.75 @ \$4.10; stockers and feeders, \$3.00 @ \$4.80; bulls, \$2.50 @ \$3.90. Sheep, receipts, 2,000; market firm; lambs, \$4.20 @ \$5.60; muttons, \$4.00 @ \$4.50.

ALBUQUERQUE NOTES.

The unusual sight of sleighs and cutters moving about the streets of Albuquerque was witnessed on Monday morning.

Ino Yuen, the Chinaman charged with being illegally in the United States, will be examined before Commissioner Burkhardt on January 29. He was to have his hearing January 20, but owing to the absence of United States District Attorney Childers, the matter was adjourned.

Deputy Sheriff Newcomer returned from Ash Fork on Monday morning with Luis Padilla, who is charged with stealing ties from the Santa Fe Pacific Railroad company in this county. Padilla has retained Attorney Tomas Montoya to defend him, and he will have his hearing before Justice Crawford some day this week.

Captain Wilson, the well known San Francisco adjutant, is expected here in a few days to adjust the Mrs. Secundina Silva Tijeras canon fire for the Royal Insurance company. G. C. B. Culley, of the local firm of Culley & Armijo, states that the fire is not "an easy matter to adjust," as published in the city papers the other day.

On last Monday morning the Pueblo Indians, so it is understood, stopped the surveyors on the work of the low-line ditch, but no demonstration was made. A delegation of Indians called upon Hon. Pedro Perea, at Bernalillo, and he advised them to let matters rest until the injunction was decided by Judge Crumpacker.

IN FOREIGN LANDS

A Socialist Leader Caused a Noisy Disturbance in Chamber of Deputies at Brussels.

SUPPRESSED BY SOLDIERS

Dispute Between France and Great Britain—Bread Riots in Rome—Arrival of United States Battleship at Havana.

Brussels, Jan. 25.—Deputy Demblon entered the vestibule of the chamber of deputies this afternoon, accompanied by a band of socialists. The officer in command of the guard informed him, that in pursuance with the president's order, he could not be allowed to enter. Whereupon M. Demblon raised the cry, "Vive l'armée," "Vive la republique," and the crowd attempted to rush the soldiers. There was a scuffle, the troops withstanding the mob with fixed bayonets. The tumult was indescribable. Within the chamber the greatest excitement also prevailed. The socialists demanded to know who was responsible for the violence of the soldiers toward the deputies. The tumult became deafening and the ministers who attempted to reply were shouted down.

Dispute Between France and Great Britain. Lagos, West Africa, Jan. 25.—The British troops have occupied Okule in the Baro territory. The possession of Okule is in dispute between France and Great Britain.

Riots Regarded as Serious. Rome, Jan. 25.—Owing to the bread riots, it has been decided to call out one class of the army reserves.

Death of a Ship Builder. Liverpool, Jan. 25.—John Laclede, a ship builder at Birkenhead, is dead.

Slight Misunderstanding Reported. Havana, Jan. 25.—The United States battleship Maine arrived here at 11 o'clock and was saluted by the forts and war vessels in the harbor. A report is current that United States Consul General Fitzhugh Lee and Congosto, secretary of the general government, have had a slight misunderstanding.

TERRITORIAL CHIP BASKET.

J. B. Pinson departed from Eddy, on Thursday, for El Paso, where he has accepted a position on the White Oaks road with Eddy Bros.

The new county bridge across the Animas river opposite Aztec will soon be completed and the perilous ford at that point will be abandoned. The esteemed Argus urges the good people of Eddy to be locally patriotic and never neglect an opportunity to promote the interests of their home town.

C. W. Haynes, of Roswell, has purchased four miles of fencing, from Jaffa & Prager, and will use it in enclosing a pasture adjoining his others up the Honda.

R. C. Nesbit and R. M. McMurray will start from Eddy for Klondike shortly. Dick Young and son, Robert, of Roswell, are now on the road from Dyea to Dawson.

Miss Lillian Markley has been engaged to teach the public school at Jewett and Mrs. June Prewitt and Miss Marie Markley are now in charge of the postoffice at Farmington. The Farmington & Durango Telephone company, recently incorporated, will commence actual work of construction within the next three or four weeks and the line from Farmington to the Smelter City will be fully completed and in operation within 30 days after the commencement of work.

Mrs. William Ward, of Malaga, as a result of a severe yawn, dislocated her jaw, Wednesday, necessitating the calling of Dr. Wheeler to set it.—Eddy Argus. The writer of the foregoing would have heightened the interest of his paragraph by giving the name of the person who was telling the story when the "severe yawn" manifested itself.

I. W. Rogers, receiver of the First National Bank of Eddy, has received payment at 65 cents on the dollar for the \$7,000 Eddy county bonds sold in Chicago and the amount has been sent to Washington, so depositors may look for a dividend shortly. The school bonds amounting to \$1,500 are not yet accepted but will undoubtedly go through all right.

Says the San Juan County Index: The survey for the big ditch will be completed this week as far as the Crouch mess and Mr. Holmes and his assistant, Mr. Hitchcock, are busy locating and marking the large bodies of government lands lying under the ditch. This is being done in order to ascertain the number of acres of farming lands the ditch will cover and to be able to show to homeseekers the exact location of the lands, number of acres, etc., and to give them intelligent direction as to settlement. A large party of eastern farmers are expected here the first of next week to look at these lands with a view of locating, and Mr. Holmes is making every effort to have the survey completed and the lands platted by that time.

Where Days are Sunniest And most captivating—Inviting to out door life—that's California. Engage berth now in the California Limited via Santa Fe route.

Illustrated Special Edition New Mexican

Can be had by applying at this office. It is full of matter describing the mineral, agricultural, horticultural and all the varied resources of New Mexico. Just the thing to send any one inquiring about or interested in the territory. Price 10 cents, wrapped and mailed for 11 cents.

GRANT COUNTY MINES

Increasing and Productive Activity in All the Districts of This Resourceful Region.

SENSATIONAL GOLD STRIKES

Three Hundred Pound Slabs of Almost Pure Silver Taken from Silver Cell and Climax Locations at Pinos Altos.

Santa Rita District. The mines of this district are producing at the same successful rate as at our last report of three weeks ago. About 40 tons of iron ore and 20 of copper ore are being extracted and shipped every day. The iron ore goes to Pueblo, Colo., and the copper ore to the Silver City Reduction works, says the Silver City Enterprise.

Silver City and Vicinity. The report of the sale and transfer of the Silver City Reduction works, which has been current in this city during the past week, is rather premature. While negotiations for the sale of the property are pending, yet no sale has been consummated. The Enterprise will advise its readers if the transfer is made.

Hanover District. On the Hanover mine connections have been made between the new shaft and the ore stops at a depth of 130 feet. A great deal of retiling has been done in the ore stops, the ground having become heavy and unsafe. Everything about the property is now in shape for a large production of ore. The parties in charge are only awaiting the arrival and putting in place of the new water-jacket furnace at Copper Flat, where the ore will be smelted. As soon as the smelter is ready to resume reduction of the ore mining will be vigorously prosecuted upon the property.

Central District. Sinking has been resumed upon the Texas shaft upon which downward progress was suspended at a depth of 333 feet. The work of sinking will be prosecuted as fast as possible with the present meagre facilities for hoisting. An order will be placed in the very near future for first-class hoisting machinery for this shaft. The new hoist will have ample capacity for hoisting a cage and ear loaded with ore from a depth of 1,000 feet.

The same company, which is operating the Texas mine, yesterday morning resumed sinking upon the Grant mine, another promising property owned by the company. The last assays from this shaft were quite satisfactory and it is proposed to thoroughly demonstrate the true value of the property.

Pinos Altos District. One of the most wonderfully rich silver mines in the world is situated just outside the gold belt of Pinos Altos. The property consists of two claims on the same vein, known as the Silver Cell and Climax locations. From the surface the property has shown a streak of ore from two to ten inches in thickness which is more than 50 per cent native silver. Work is now being prosecuted upon the Silver Cell shaft, which at a depth of 185 feet shows a vein of silver eight to ten inches in thickness which runs from 10,000 ounces to 15,000 ounces silver per ton. Some of these slabs of silver taken from the mine recently, weigh 300 pounds. A fair specimen of the ore taken out last week is on exhibition in the Enterprise cabinet. It is fully 75 per cent pure silver. The mine is owned by the Dimmick Brothers, who have their own smelting plant upon the property, and when they feel like increasing their bank account they just start it up and run out a few bars of bullion.

Just across the ridge from the Dimmick silver mine are the famous Pinos Altos gold mines, now in a very prosperous condition, which will be the subject of a special write up in this paper ere long.

Gold Hill District. Dr. G. N. Woods is working six tunnels in his Bobtail mine and in Werney's Eagle mine with fair success in both properties. The new Willey table is in place in the mill and everything in readiness to drop the stamps just as soon as new cams arrive.

Considerable excitement prevails in the camp over the recent strike of exceedingly rich gold ore in the lowest workings of the Western Belle mine at the 125-foot level says the Enterprise. There are two streaks of pyrites ore in the drift. The ore streaks occur against the foot and hanging walls of the vein and each ore vein or stratum is about one foot in thickness. Only occasional samples are taken, all samples of these ore strata heretofore taken have given returns of from two to four ounces of gold per ton. About ten days ago Mr. Weber, who has charge of the property, thought it well to sample the vein on the hanging wall. He took a large sample and sent it to Denver to be

Royal makes the food pure, wholesome and delicious.

ROYAL BAKING POWDER
Absolutely Pure

FOR SALE BY
H. B. CARTWRIGHT & BRO.

assayed, expecting only the usual very good returns. He was very agreeably surprised by an assay certificate showing a fraction over 40 ounces gold per ton. This mine produced some exceedingly rich free gold ore on top and the pyrites ores encountered below have always given very good returns. The general average of the mine is much better than most gold mines but such ore chutes as that just tested will put the average up out of sight. David Eggleston and Robert Black, of Silver City, have same character of ore upon the extension of the Western Belle as is found in that mine. They feel highly elated over the recent rich strike in their new neighboring mine. They are taking out considerable ore which they will soon have tested by a mill run.

Money in Cattle.

C. B. Williamson and M. C. Stewart went down to Pecos last week to buy cattle. They contracted with W. D. Hudson, county clerk of Reeves county, to deliver 700 head of steers to them in the spring, at a figure that was satisfactory to him, and at the present time of high prices it is safe to suppose that the aforesaid satisfactory figure is not a low one. They also contracted this week with W. J. Barber for 400 head of steers, and with Claude Merchant and William Donnelly for 300, all to be delivered in the spring. Miles T. Stone also agreed to furnish 150 head at that time. This is about all the cattle that can be purchased in the neighborhood of Eddy. There are a few more around Pecos, but from reliable information Mr. Williamson will secure those also.—Pecos Valley Argus.

Malt-Nutrine
The Leading Malt Extract.

Malt-Nutrine is the only really great extract of malt offered on the market. Other so-called extracts being nothing better than strong black beer with a large percentage of alcohol and a very small one of extractive matter. Such extracts should not be given or recommended to convalescents or strength-seeking people, since their merits are all on the label and not on the bottle. Malt-Nutrine is prepared by the famous Anheuser-Busch Brewing association, which fact guarantees the purity, excellence and merit claimed for it.

PLEADINGS AND PRACTICE

(Forms to conform to Code)
Pattison's Forms of Pleading, under the Missouri Code, have been placed with the New Mexican Printing Co. for sale.
A complete and comprehensive book of forms, adapted to the new Code of Civil Procedure now in effect in New Mexico.
